

Community Involvement

Rich May believes in the rule of law.

In April 2025, Rich May filed an amicus brief in a federal lawsuit challenging a presidential Executive Order which targeted the law firm Perkins Coie LLP for its past litigation and representation of political opponents. In May 2025, that Executive Order was struck down in a historic decision affirming the core constitutional freedoms of free speech, due process, and the right to select counsel without fear of retribution. Read our amicus brief here.

For more information about this important action, including the Court's order granting permanent injunctive relief to Perkins Coie, visit Perkins Coie's website.
