
Why Rich May?

Rich May, P.C. is proud to have been helping businesses, individuals, trusts, and non-profits for over 80 years to achieve their business goals. Our continued steady growth in the face of the recently challenging economy reflects our unwavering adherence to our core values of excellence, service, efficiency, value and integrity.

This ethos results in satisfied and loyal clients. It also inspires us to serve our communities, educate our brethren (through continuing education seminars and at the law school level) and advocate for justice through a variety of bar and volunteer programs.

Big Firm Ambition, Small Firm Experience

We continue to be successful because we are able to think "big" for our clients while acting "small" in all the ways that matter. Our attorneys are recognized experts in their respective fields, dedicated to using their skills and experience to help clients get where they want to go.

Other firms claim they are cost-effective – we are. We take a right size approach to staffing client matters, leveraging the expertise of our lawyers without losing sight of the goals of the client.

We're also truly hands-on. While we believe in a team approach, at Rich May, your legal affairs will never simply be 'managed' by a senior person, with the work performed by others who may lack a real connection to who you are and what you need.

Recognized Excellence

As a result of our commitment to excellence, Rich May attorneys have been regularly honored by our colleagues. Twenty-one Rich May attorneys have been named Top Lawyers by Boston Magazine, sixteen have been recognized as Super Lawyers, including three Super Lawyers Rising Stars, and eleven Rich May attorneys are rated "AV" by Martindale-
