Rich May Attorney Earns Habitat for Humanity Special Merritt Award

By: Rich May

Please join us in congratulating our own Danielle Justo for being awarded the Special Merritt Award by Habitat for Humanity of Greater Plymouth! The award is named after co-founder Rev. Robert Merritt, and is awarded for "exceptional, long-term, highly meritorious personification of the Habitat spirit."

The award recognizes Dani's work with Habitat for Humanity of Greater Plymouth as a board member, site committee co-chair, pro bono attorney, advisory council member and construction volunteer. Executive Director Jim Middleton said that "Danielle has done so much for our organization over the years. She is truly generous with her time and talents, and she never hesitates to reach out with a request or question, no matter how many other pressing matters might be competing for her attention. Danielle is incredibly deserving of this award and I am delighted to present it to her."

If you would like to read the article in the Stoughton Journal, click here. Congrats Dani!
