

Congratulations to Rich May client Definitive Healthcare on its recent acquisition of the data intelligence platform Monocl. By adding Monocl, Definitive bolsters its already robust portfolio of healthcare market data solutions. Monocl provides detailed professional profiles to help companies identify and engage with industry experts within the disease categories their drugs or therapies address. Jason Krantz, CEO of Definitive Healthcare, applauded the acquisition, adding: "Our combined offering will expand the value of the Definitive solution set by enabling our clients to research and engage prominent experts to advance drug and therapy research and go-to-market strategies."

A Rich May team including Scott Stokes, Bob Tedesco, Arvid von Taube, and Matthew Sweet assisted Definitive Healthcare with the negotiation and completion of the transaction.
