Rich May Client Hamilton Thorne Acquires Zandair Air Purification Business

By: Rich May

Rich May congratulates its client, Hamilton Thorne, Ltd., on its recent acquisition of the Zandair air purification products business from Zandair Scientific, Inc.

Hamilton Thorne President and CEO David Wolf, touted the proven performance of the Zandair line, adding: "The addition of the ZANDAIR product line is consistent with our commitment to quality in the ART laboratory."

A Rich May team led by [Jeffrey Loeb](#) and [Arvid von Taube](#) assisted Hamilton Thorne with the negotiation and completion of the transaction and related financing.

For information on the acquisition, [click here](#).

About Hamilton Thorne Ltd. (www.hamiltonthorne.com)

Hamilton Thorne designs, manufactures and distributes precision laser devices and advanced imaging systems that reduce cost, increase productivity, improve results and enable breakthroughs in assisted reproductive technologies (ART) and developmental biology research markets. Hamilton Thorne's laser products attach to standard inverted microscopes and operate as robotic micro-surgeons, enabling a wide array of scientific applications and IVF procedures. Its imaging systems improve outcomes in human IVF clinics and animal breeding facilities and provide high-end toxicology analyses. Hamilton Thorne's growing worldwide customer base consists of pharmaceutical companies, biotechnology companies, fertility clinics, university research centers, animal breeding companies, and other commercial and academic research establishments, including Harvard, MIT, Yale, McGill, Oxford, Cambridge, the Smithsonian Institution, Charles River Labs, Covance, ABS Global, Sexing Technologies, Merck, Novartis, Pfizer, and Dow Chemical.
