# Rich May client launches nonprofit When Women Rise, Inc. to support women business owners and entrepreneurs

By: Rich May

Congratulations to Rich May client Nicole Kalil of NMK Consulting, who recently launched a nonprofit corporation When Women Rise, Inc. The nonprofit will focus on assisting women business owners and entrepreneurs, particularly those experiencing challenges during the ongoing coronavirus pandemic and associated economic downturn. When Women Rise will also promote awareness of issues that impact women such as domestic violence, education for girls, and rape crisis programs.

Rich May attorneys Nathaniel Donoghue and Danielle Justo assisted with setting up and registering the nonprofit When Women Rise.

To donate directly to When Women Rise, or to sign up for one of Nicole's confidence building workshops from which 100% of the proceeds go to the nonprofit, click here. (This article will be updated when Women Who Rise's website is finalized.)
