Rich May Client Raybeam Solutions Joins Dept

By: Rich May

Rich May's client [Raybeam Solutions, Inc.](#), a data science and software engineering agency has been acquired by [Dept](#), one of the fastest-growing digital agencies in the world. Raybeam develops custom data-centric applications and software to help brands like Google, eBay, SPARC, Herman Miller and Meta navigate their big data challenges, increase revenue and optimize costs. With 100+ engineers and consultants across offices in Newburyport, MA, Mountain View, CA and Austin, TX, Raybeam will accelerate its global growth by joining Dept.

The [announcement of the transaction](#) can be found on Dept's website.

Rich May attorneys [Stephen M. Kane](#), [Arvid von Taube](#) and [Matthew Sweet](#) assisted Raybeam in all aspects of the sale, from the letter of intent through closing, including negotiation of the terms of the purchase agreement and all ancillary documents.
