Rich May Client Valsoft Corporation Acquires VisiumKMS

By: Rich May

Congratulations to Rich May client Valsoft Corporation on its acquisition of Rolls-Royce Controls & Data Services Inc., a leader in Quality, Health, Safety, and Environment ("QHSE") software. Following the acquisition, Rolls-Royce Controls and Data Services re-branded to VisiumKMS Inc. The Visium team brings over two decades of expertise to Valsoft, with web-based software solutions for quality control, operational optimization and risk management teams.

A Rich May team led by [Scott Stokes](#) assisted Valsoft in the negotiation and completion of the transaction.

[Further information on the acquisition can be found here.](#)

About Valsoft Corporation

[Valsoft Corporation](#) acquires and develops vertical market software companies through which each business can deliver the best mission-critical solutions for customers in their respective industry or niche. A key tenet of Valsoft's philosophy is to invest in well-established businesses and foster an entrepreneurial environment that molds companies into leaders in their respective industries. Unlike private equity and venture capital firms, Valsoft does not have a pre-defined investment horizon and looks to buy, hold and create value through long-term partnerships with existing management.
