Rich May Supports BARCC at Annual Walk for Change

By: Rich May

The attorneys of Rich May, joined by family, friends and former colleagues, were proud to support the Boston Area Rape Crisis Center at its annual Walk for Change on April 28th.

In addition to providing free, confidential services and support to survivors of sexual violence, BARCC also works with a wide range of organizations and communities to educate and advocate for change, including companies, schools, and law enforcement departments. It provides training in how to respond to survivors and create cultures that prevent sexual violence.

For more information on BARCC's services and to find out how you can get involved, visit their website at barcc.org
